

CLIMATE QUEST

AT HOME

Hello! My name is Query and I am on a quest to take action against climate change but I need your help!

The Climate Quest, is an online weekend event packed with activities, challenging Scouting & Guiding members to achieve their 'stop climate change' badge at home [#climatequest2020](https://www.instagram.com/climatequest2020)

How will it work?

Rainbows, Beavers, Cubs, Brownies, Scouts & Guides will choose from a selection of 'at home' activities, encouraging them to take action to earn their 'stop climate change' badge. Activities will launch at **10am on Saturday 25th July** and the event will proceed until **5pm on Sunday 26th July 2020**. Although activities will remain available on the website after this time, we encourage you to participate during the weekend for a chance to be entered into our penguin prize draw and to interact with us on social media!

What should I do now?

1. Save the date!
2. Ask your leaders if they are involved (they may even bulk order badges for you!)
3. Register your email for updates (including equipment lists and badge ordering instructions) at: climatequest.sevenoaksscouts.org.uk
4. Follow us on Facebook: 'Kent Scouts ReQuest2021' or [#climatequest2020](https://www.instagram.com/climatequest2020)
